

End User License Agreement (EULA)

Audiomatik GmbH

Last updated on 2026-05-19

1. Acceptance of Terms

By installing, using, or accessing the Audiomatik software ("Software"), you agree to the terms and conditions of this End User License Agreement ("Agreement"). If you do not agree to these terms, you should not use the Software. Information on how Audiomatik GmbH processes personal data in connection with the Software is set out separately in the Privacy Policy below, which forms part of this document but is not a basis for consent to data processing.

2. License Grant

Audiomatik GmbH ("Licensor") grants you a limited, non-exclusive, non-transferable, and revocable license to use the Software for personal or business purposes, subject to the terms of this Agreement.

3. Restrictions

You shall not:

- a) Copy, distribute, or sublicense the Software, except as expressly permitted by this Agreement.
- b) Modify, adapt, reverse engineer, decompile, or disassemble the Software.
- c) Remove or alter any copyright, trademark, or other proprietary notices.
- d) Use the Software for any illegal or unauthorized purpose.
- e) Use the Software or its components for data mining, machine learning, artificial intelligence training, or similar purposes, unless explicitly authorized in writing by the Licensor.

4. Use of Third-Party Components and Media Content

- a) The Software may contain components provided under third-party licenses. These components are subject to the terms and conditions of their respective license agreements, as listed in the "Third-Party Software and Licenses" made available in the installer, and/or accompanying documentation. Please refer to this list for specific licensing terms of the third-party components used.
- b) The Software does not itself contain or supply media content such as audio files, music, sound effects, videos, images, or other types of media. The Software solely enables access to and the download of such media content from third-party stores operated by the respective content owners (for example, Boom Library GmbH or Astockmedia GmbH, hereinafter "Store Operators").
- c) The license agreement and any contractual relationship concerning the media content is concluded exclusively between you and the respective Store Operator. Audiomatik GmbH is not the licensor of the media content, is not a party to that license agreement, and assumes no responsibility for the content, availability, or licensing terms of the media content. You are responsible for reviewing and complying with the respective licensing terms of the Store Operator and the media content.

Any restrictions regarding the use of downloaded media content, including for artificial intelligence, machine learning, data mining or training purposes, are governed by the applicable media license terms of the respective Store Operator.

5. Ownership

You acknowledge that the Software and all intellectual property rights associated with it are and shall remain the exclusive property of Audiomatik GmbH.

6. Updates and Support

The Licensor may, at its discretion, provide updates or support for the Software but is under no obligation to do so. Updates may be subject to additional terms.

7. Termination

The Licensor may terminate this Agreement if you fail to comply with its terms. Upon termination, you must cease using the Software and destroy all copies in your possession.

8. Warranty for Defects

The Software is provided “as is”. However, if the Software is provided to you free of charge (unentgeltlich), the Licensor is only liable for defects if the Licensor has fraudulently concealed the defect (Arglist). If you paid for the core services connected to the Software, statutory warranty rights (Mängelhaftung) shall apply, limited to the rectifying of defects within a reasonable timeframe.

9. Limitation of Liability

- a) The Licensor shall be liable without limitation for damages caused by intent (Vorsatz) or gross negligence (grobe Fahrlässigkeit), as well as for injury to life, body, or health (Verletzung von Leben, Körper oder Gesundheit).
- b) In cases of light negligence (leichte Fahrlässigkeit), the Licensor shall only be liable for the breach of an essential contractual obligation (Kardinalpflicht). An essential contractual obligation is one whose fulfillment is necessary for the proper execution of the agreement and on whose compliance you may regularly rely. In this case, liability is limited to typical, foreseeable contractual damages.
- c) Any further liability for damages, including strict liability (verschuldensunabhängige Haftung) for defects present at the conclusion of the agreement, is excluded.
- d) Nothing in this Agreement limits any mandatory statutory rights that cannot be excluded under applicable law.

10. Governing Law

This Agreement shall be governed by and construed in accordance with the laws of the Federal Republic of Germany, without prejudice to any mandatory consumer protection regulations of your country of residence. To the extent legally permissible (e.g., if you are a merchant or business entity), the exclusive place of jurisdiction shall be Mainz, Germany.

11. Entire Agreement

This Agreement constitutes the entire agreement between you and the Licensor regarding the Software and supersedes any prior agreements or understandings.

12. Contact Information

If you have any questions or concerns regarding this Agreement, please contact us at:

Audiomatik GmbH
Kästrich 6

By using the Software, you acknowledge that you have read and understood this Agreement and agree to be bound by its terms and conditions.

Privacy Policy

Audiomatik GmbH

Last updated on 2026-05-19

This Privacy Policy explains how Audiomatik GmbH (“Audiomatik”, “we”, “us”) processes personal data in connection with the Audiomatik software (the “Software”) and the related online services. This Privacy Policy complies with the General Data Protection Regulation (EU) 2016/679 (“GDPR”) and the German Federal Data Protection Act (BDSG).

1. Controller

The controller responsible for the processing of personal data described in this Privacy Policy is:

Audiomatik GmbH
Kästrich 6
55116 Mainz
Germany

2. Categories of Data, Purposes and Legal Basis

We process personal data for the purposes described below. The categories of data, the purpose of the processing and the legal basis under Article 6 GDPR are set out for each processing activity.

2.1 Account, Authentication, Download and License Verification

To provide the core functionality of the Software, we process the data required to authenticate you, determine which content you are entitled to download, deliver the corresponding files, and verify that downloads have completed correctly.

Where the Software is used in connection with stores operated by Boom Library GmbH, Astockmedia GmbH or other store operators, the respective store operator remains responsible for the customer account, purchase history, media license and entitlement data in its own systems. Audiomatik receives and processes only the data necessary to authenticate the user, verify the user's download entitlements, and deliver the requested files through the Software.

Categories of data processed:

- a) Account identifier and secure authentication tokens (no passwords are stored or processed by us)
- b) License and entitlement information received from the respective store operator via OAuth or related authorization interfaces, including information on which collections you may download
- c) Download metadata (collection identifiers, file lists, download status, file checksums, timestamps)
- d) IP address (for the duration of the data transfer)
- e) Technical connection data required to deliver the requested files

Purpose: Performance of the agreement under which the Software is provided to you, including authentication, authorisation, delivery and integrity verification of the licensed content.

Legal basis: Article 6(1)(b) GDPR (performance of a contract).

2.2 Diagnostic Information

When the Software encounters a technical issue, an error log is transmitted to us automatically. This allows us to investigate problems, provide support and improve the stability of the Software.

Categories of data processed:

- a) Error type and error message
- b) Technical context (affected feature, operating system, Software version, timestamp)
- c) Your account identifier, so that the error can be linked to your specific situation if needed for support
- d) Limited technical metadata about the event

Purpose: Maintaining a stable and reliable Software, identifying and fixing defects, and being able to provide effective support to our users.

Legal basis: Article 6(1)(f) GDPR (legitimate interest). Our legitimate interest lies in operating a stable product and supporting our users; the processing is limited to what is necessary for this purpose, and you can object to it at any time (see Section 7).

Right to object: You can disable the transmission of diagnostic information at any time under Settings > Privacy in the Software.

2.3 Usage Statistics

If you choose to enable usage statistics, we record information about how you use the Software in order to understand which features are used, where users encounter difficulties, and how the Software can be improved.

Categories of data processed:

- a) Feature usage events (which functions are used and how)
- b) Navigation paths within the Software
- c) Technical metadata of the event (Software version, operating system, timestamp)

d) Your account identifier, used to link events to a user for analysis

Purpose: Improving the Software, prioritising development efforts and analysing user behaviour in an aggregated form.

Legal basis: Article 6(1)(a) GDPR (consent).

Withdrawal of consent: You may withdraw your consent at any time with effect for the future under Settings > Privacy in the Software. Withdrawing consent does not affect the lawfulness of processing carried out prior to the withdrawal.

2.4 Customer Communication

If you contact us with a request (e.g. by email), we process the data you provide in order to respond.

Categories of data processed: Name, email address, content of your message and any further information you provide.

Purpose: Handling your request and providing support.

Legal basis: Article 6(1)(b) GDPR where the request relates to the performance of a contract, otherwise Article 6(1)(f) GDPR (legitimate interest in responding to inquiries).

3. Recipients of Personal Data

We use carefully selected service providers to operate the Software and the related services. These providers process personal data on our behalf as processors under Article 28 GDPR and only in accordance with our instructions. They are bound by appropriate data processing agreements.

Current categories of service providers:

- a) Hosting and data storage: Hetzner Online GmbH (Germany) and G-Core Labs S.A. (Luxembourg), used for database hosting and content delivery. All data is processed within the European Union.

Beyond these processors, we do not share your personal data with third parties unless we are legally obliged to do so (e.g. in response to lawful requests by public authorities) or unless required to enforce or protect our rights.

4. International Data Transfers

Our core databases are located within the European Union (Hetzner and G-Core). To ensure fast worldwide downloads, we use G-Core's global Content Delivery Network (CDN). Depending on your location, your download request and IP address may be processed by a local CDN node outside the EU. These transfers are legally secured through EU Standard Contractual Clauses (SCCs)

5. Retention Period

We retain personal data only for as long as necessary for the purposes for which it was collected, or for as long as we are legally required to do so.

- a) Account, authentication and download data: for the duration of your account, and thereafter for the periods prescribed by applicable statutory retention obligations (in particular tax and commercial law obligations under German law).
- b) Diagnostic information: retained only for as long as necessary to investigate and resolve technical issues and to ensure the stability of the Software, and in any event no longer than required to fulfil this purpose or any applicable statutory requirements. Thereafter, the data is deleted or fully anonymised.
- c) Usage statistics: raw event data is retained only for as long as necessary for the analytical purpose described above, and in any event no longer than required to fulfil this purpose or any applicable statutory requirements. Thereafter, the data is deleted or fully anonymised (aggregated).
- d) Customer communication: kept for as long as necessary to handle the request and thereafter in line with applicable statutory retention obligations.

After expiry of the relevant retention period, the data is deleted or fully anonymised.

6. Your Rights

Subject to the conditions set out in the GDPR, you have the following rights regarding your personal data:

- a) Right of access (Article 15 GDPR): you have the right to obtain confirmation as to whether or not personal data concerning you is being processed, and, where that is the case, access to that data.
- b) Right to rectification (Article 16 GDPR): you have the right to have inaccurate personal data corrected and

incomplete data completed.

- c) Right to erasure (Article 17 GDPR): you have the right to have your personal data deleted in the cases provided for by the GDPR.
- d) Right to restriction of processing (Article 18 GDPR): you have the right to obtain restriction of processing under the conditions of the GDPR.
- e) Right to data portability (Article 20 GDPR): you have the right to receive the personal data you have provided to us in a structured, commonly used and machine-readable format.
- f) Right to withdraw consent (Article 7(3) GDPR): where processing is based on your consent, you have the right to withdraw that consent at any time with effect for the future.
- g) Right to lodge a complaint (Article 77 GDPR): you have the right to lodge a complaint with a data protection supervisory authority, in particular in the EU Member State of your habitual residence, place of work or place of the alleged infringement.

The competent supervisory authority for Audiomatik GmbH is:

Der Landesbeauftragte für den Datenschutz und die Informationsfreiheit Rheinland-Pfalz
Hintere Bleiche 34
55116 Mainz
Germany

To exercise any of your rights, please contact us using the contact details provided in Section 1.

7. Right to Object (Article 21 GDPR)

You have the right to object, on grounds relating to your particular situation, at any time to the processing of personal data concerning you which is based on Article 6(1)(f) GDPR (legitimate interest). In this case, we will no longer process the personal data unless we can demonstrate compelling legitimate grounds for the processing which override your interests, rights and freedoms, or for the establishment, exercise or defence of legal claims.

In particular, you can object to the transmission of diagnostic information at any time by disabling the corresponding setting under Settings > Privacy in the Software, or by contacting us using the contact details in Section 1.

8. No Obligation to Provide Personal Data; No Automated Decision-Making

The provision of personal data required for the performance of the agreement (in particular for authentication, license verification and download delivery) is necessary to use the Software. Without this data, we cannot provide the Software.

The provision of data for diagnostic information and usage statistics is voluntary; you are not required to provide it and there are no disadvantages associated with refusing or withdrawing consent, other than the fact that we will have less information available to investigate issues or improve the Software.

We do not make decisions based solely on automated processing, including profiling, that produce legal effects concerning you or similarly significantly affect you within the meaning of Article 22 GDPR.

9. Changes to this Privacy Policy

We may update this Privacy Policy from time to time, for example to reflect changes in our processing activities or in the legal framework. The current version is always available within the Software. Where changes are material, we will inform you separately and, where required by law, ask for your renewed consent before such changes take effect.

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or

Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.
3. Grant of Patent License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.
4. Redistribution. You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:
 - (a) You must give any other recipients of the Work or Derivative Works a copy of this License; and
 - (b) You must cause any modified files to carry prominent notices stating that You changed the files; and
 - (c) You must retain, in the Source form of any Derivative Works

that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and

- (d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

- 5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.
- 6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.
- 7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.
- 8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.
- 9. Accepting Warranty or Additional Liability. While redistributing

the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

FreeType

The FreeType Project LICENSE

2006-Jan-27

Copyright 1996-2002, 2006 by
David Turner, Robert Wilhelm, and Werner Lemberg

Introduction

=====

The FreeType Project is distributed in several archive packages; some of them may contain, in addition to the FreeType font engine, various tools and contributions which rely on, or relate to, the FreeType Project.

This license applies to all files found in such packages, and which do not fall under their own explicit license. The license affects thus the FreeType font engine, the test programs, documentation and makefiles, at the very least.

This license was inspired by the BSD, Artistic, and IJG (Independent JPEG Group) licenses, which all encourage inclusion and use of free software in commercial and freeware products alike. As a consequence, its main points are that:

- o We don't promise that this software works. However, we will be interested in any kind of bug reports. ('as is' distribution)
- o You can use this software for whatever you want, in parts or full form, without having to pay us. ('royalty-free' usage)
- o You may not pretend that you wrote this software. If you use it, or only parts of it, in a program, you must acknowledge somewhere in your documentation that you have used the FreeType code. ('credits')

We specifically permit and encourage the inclusion of this software, with or without modifications, in commercial products. We disclaim all warranties covering The FreeType Project and assume no liability related to The FreeType Project.

Finally, many people asked us for a preferred form for a credit/disclaimer to use in compliance with this license. We thus encourage you to use the following text:

```
""
Portions of this software are copyright © <year> The FreeType
Project (www.freetype.org). All rights reserved.
""
```

Please replace <year> with the value from the FreeType version you actually use.

Legal Terms

=====

0. Definitions

Throughout this license, the terms 'package', 'FreeType Project', and 'FreeType archive' refer to the set of files originally distributed by the authors (David Turner, Robert Wilhelm, and Werner Lemberg) as the 'FreeType Project', be they named as alpha, beta or final release.

'You' refers to the licensee, or person using the project, where 'using' is a generic term including compiling the project's source code as well as linking it to form a 'program' or 'executable'. This program is referred to as 'a program using the FreeType engine'.

This license applies to all files distributed in the original FreeType Project, including all source code, binaries and documentation, unless otherwise stated in the file in its original, unmodified form as distributed in the original archive. If you are unsure whether or not a particular file is covered by this license, you must contact us to verify this.

The FreeType Project is copyright (C) 1996-2000 by David Turner, Robert Wilhelm, and Werner Lemberg. All rights reserved except as specified below.

1. No Warranty

THE FREETYPE PROJECT IS PROVIDED 'AS IS' WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. IN NO EVENT WILL ANY OF THE AUTHORS OR COPYRIGHT HOLDERS BE LIABLE FOR ANY DAMAGES CAUSED BY THE USE OR THE INABILITY TO USE, OF THE FREETYPE PROJECT.

2. Redistribution

This license grants a worldwide, royalty-free, perpetual and irrevocable right and license to use, execute, perform, compile, display, copy, create derivative works of, distribute and sublicense the FreeType Project (in both source and object code forms) and derivative works thereof for any purpose; and to authorize others to exercise some or all of the rights granted herein, subject to the following conditions:

- o Redistribution of source code must retain this license file ('FTL.TXT') unaltered; any additions, deletions or changes to the original files must be clearly indicated in accompanying documentation. The copyright notices of the unaltered, original files must be preserved in all copies of source files.
- o Redistribution in binary form must provide a disclaimer that states that the software is based in part of the work of the FreeType Team, in the distribution documentation. We also encourage you to put an URL to the FreeType web page in your documentation, though this isn't mandatory.

These conditions apply to any software derived from or based on the FreeType Project, not just the unmodified files. If you use our work, you must acknowledge us. However, no fee need be paid to us.

3. Advertising

Neither the FreeType authors and contributors nor you shall use the name of the other for commercial, advertising, or promotional purposes without specific prior written permission.

We suggest, but do not require, that you use one or more of the following phrases to refer to this software in your documentation or advertising materials: 'FreeType Project', 'FreeType Engine', 'FreeType library', or 'FreeType Distribution'.

As you have not signed this license, you are not required to accept it. However, as the FreeType Project is copyrighted material, only this license, or another one contracted with the

authors, grants you the right to use, distribute, and modify it. Therefore, by using, distributing, or modifying the FreeType Project, you indicate that you understand and accept all the terms of this license.

4. Contacts

There are two mailing lists related to FreeType:

- o freetype@nongnu.org

Discusses general use and applications of FreeType, as well as future and wanted additions to the library and distribution. If you are looking for support, start in this list if you haven't found anything to help you in the documentation.

- o freetype-devel@nongnu.org

Discusses bugs, as well as engine internals, design issues, specific licenses, porting, etc.

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications,

including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.
3. Grant of Patent License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.
4. Redistribution. You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You

meet the following conditions:

- (a) You must give any other recipients of the Work or Derivative Works a copy of this License; and
- (b) You must cause any modified files to carry prominent notices stating that You changed the files; and
- (c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and
- (d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

- 5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.
- 6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.
- 7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.
- 8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be

liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

This Font Software is licensed under the SIL Open Font License, Version 1.1. This license is copied below, and is also available with a FAQ at: <http://scripts.sil.org/OFL>

SIL OPEN FONT LICENSE Version 1.1 - 26 February 2007

PREAMBLE

The goals of the Open Font License (OFL) are to stimulate worldwide development of collaborative font projects, to support the font creation efforts of academic and linguistic communities, and to provide a free and open framework in which fonts may be shared and improved in partnership with others.

The OFL allows the licensed fonts to be used, studied, modified and

redistributed freely as long as they are not sold by themselves. The fonts, including any derivative works, can be bundled, embedded, redistributed and/or sold with any software provided that any reserved names are not used by derivative works. The fonts and derivatives, however, cannot be released under any other type of license. The requirement for fonts to remain under this license does not apply to any document created using the fonts or their derivatives.

DEFINITIONS

"Font Software" refers to the set of files released by the Copyright Holder(s) under this license and clearly marked as such. This may include source files, build scripts and documentation.

"Reserved Font Name" refers to any names specified as such after the copyright statement(s).

"Original Version" refers to the collection of Font Software components as distributed by the Copyright Holder(s).

"Modified Version" refers to any derivative made by adding to, deleting, or substituting -- in part or in whole -- any of the components of the Original Version, by changing formats or by porting the Font Software to a new environment.

"Author" refers to any designer, engineer, programmer, technical writer or other person who contributed to the Font Software.

PERMISSION AND CONDITIONS

Permission is hereby granted, free of charge, to any person obtaining a copy of the Font Software, to use, study, copy, merge, embed, modify, redistribute, and sell modified and unmodified copies of the Font Software, subject to the following conditions:

- 1) Neither the Font Software nor any of its individual components, in Original or Modified Versions, may be sold by itself.
- 2) Original or Modified Versions of the Font Software may be bundled, redistributed and/or sold with any software, provided that each copy contains the above copyright notice and this license. These can be included either as stand-alone text files, human-readable headers or in the appropriate machine-readable metadata fields within text or binary files as long as those fields can be easily viewed by the user.
- 3) No Modified Version of the Font Software may use the Reserved Font Name(s) unless explicit written permission is granted by the corresponding Copyright Holder. This restriction only applies to the primary font name as presented to the users.
- 4) The name(s) of the Copyright Holder(s) or the Author(s) of the Font Software shall not be used to promote, endorse or advertise any Modified Version, except to acknowledge the contribution(s) of the Copyright Holder(s) and the Author(s) or with their explicit written permission.
- 5) The Font Software, modified or unmodified, in part or in whole, must be distributed entirely under this license, and must not be distributed under any other license. The requirement for fonts to remain under this license does not apply to any document created using the Font Software.

TERMINATION

This license becomes null and void if any of the above conditions are not met.

DISCLAIMER

THE FONT SOFTWARE IS PROVIDED "AS IS", WITHOUT WARRANTY OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO ANY WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NONINFRINGEMENT OF COPYRIGHT, PATENT, TRADEMARK, OR OTHER RIGHT.
